System Service Area:	Annual training update on reporting suspected abuse and neglect
Related Regulations: xx	
Related Forms:	Related Reports:
PC Approval:	PC Revision:
Board Approval:	Board Revision:

Policy: This policy ensures all staff members in Childcare Programs maintain current knowledge and skills for identifying, reporting, and responding to suspected child abuse and neglect, with the aim of ensuring staff competency in recognizing and responding to suspected abuse or neglect, and promoting consistent application of reporting procedures across the Program.

Time Frame: XX

Person(s) Responsible: XX

Procedure:

All Program staff (teachers, administrators, volunteers, support staff) are required to complete mandatory annual training updates on:

[REDACTED]

Training Format

- Training updates can be delivered through various formats, including in-person workshops, online training modules, and/or interactive webinars.

Regardless of format, the training program should be engaging, informative, and address practical scenarios relevant to Program settings.

System Service Area:	Availability of Health Resources Policy
Related Regulations: xx	
Related Forms:	Related Reports:
PC Approval:	PC Revision:
Board Approval:	Board Revision:

Policy: This policy ensures that the Program maintains readily available health resources to promote children's well-being and address basic health needs. It aligns with the focus on child health and safety. While these documents don't mandate specific resources, this policy promotes preparedness.

Time Frame: XX

Person(s) Responsible: XX

Procedure:

Health Information Resources

- Age-appropriate health information materials are readily accessible to staff in a central location.
- These may include Information on common childhood illnesses and injuries, first-aid procedures, and emergency contact information (poison control center, ambulance)

System Service Area:	Health Emergency Bulletin
Related Regulations: xx	
Related Forms:	Related Reports:
PC Approval:	PC Revision:
Board Approval:	Board Revision:

Policy: This policy ensures the safety and well-being of children, staff, and families in Childcare Programs by establishing a clear protocol for monitoring and responding to health emergency bulletins issued by local or state health departments.

The aim is to have timely awareness of potential health threats, allow for proactive response measures, protect children, staff, and families from exposure to infectious diseases, and promote collaboration and communication with health authorities and the community.

Time Frame: XX

Person(s) Responsible: XX

Procedure:

- Program administrators designate a staff member responsible for monitoring health alerts and bulletins from relevant health authorities, such as the Texas Department of State Health Services (DSHS), local public health departments, and official health department email alerts.
